Manufacturer's certification SIL

Manufacturer certification of SIL hoses for suitability in the food industry

We hereby confirm that the silicone hoses of the SIL series, which are manufactured from special and high quality raw materials, are perfectly suitable for many applications in the food industry.

- **NORFLEX® SIL 408**
- **NORFLEX® SIL 448**

The properties of the material used for the hose wall include the following:

- **FDA** conformity (Food and Drug Administration of the USA):
  The raw materials and additives used (except for stabilizers) are listed in the **FDA Code of Federal Regulations, Title 21 § 177.2600 "Rubber articles intended for repeated use"** dated April 1, 2010.
- **BfR** (German Federal Institute for Risk Assessment, formerly BgVV):
  The materials used comply with the requirements of recommendation XV. "Silicones" of the BfR dated 01.06.2019.

Our quality management system is certified according to DIN/ISO 9001.
