Manufacturer's certification
BARDUC® PVC FOOD

Manufacturer certification of BARDUC® PVC 381 FOOD - Version 2023-10-26

We hereby confirm, that the **wall material** of the above mentioned hoses is compliant to the **EU-Directive 10 / 2011, EC 1935 / 2004** and the **supplement Regulation 2015 / 174** as well as the **FDA 21 CFR, §177.1210**.

Our quality management system is certified according to DIN/ISO 9001.

(Note: Some of the guidelines for food contact cited above, which are based on EU Directives, lists limitations of the residual content of individual components of synthetic materials. However, it should be noted that the EU-Directive 10 / 2011, which applies to all EU member states, sets a limit value for the migration in synthetic products for food sector. Even if, as in this case, an official statement from the manufacturer is available, according to EU-Directive 10 / 2011, these tests should be performed on the end product by the processor using the corresponding foods or food simulation materials. Times and temperatures should be chosen to reflect actual conditions during the normal use of the articles, in accordance with the rule from EU-Directive 10 / 2011. It is the responsibility of the processor to ensure that the article is suitable for the intended purpose.)
